

## **Urban Cowboy Love Song**

**By Monica Montelongo Flores**

Sissy wants to go back  
to the motel, but Bud wants  
to stay. People think  
a honeymoon  
at the Huntsville Prison  
Rodeo is a funny place for love,  
but that's because they haven't seen  
it from the inside. Strong and bucking,  
crowded and alive, boy and girl  
sit and stand,  
hang on and fall off,  
forgetting  
the red bricked prison  
flung on its side.
