

Taco Truck
By Stephanie Orozco

...Shh...shhhh....

Ya you. Hola... bonita...

You like this hot Latina body?

Filled with spicy salsa verde and enchiladas legs.

Arroz con pollo thighs y hot unwrapped tamale feet.

It looks so good from over there don't ya think?

Mis melones jugosos that make your mouth drool instantly
como un perro caliente from the big streets of New York City.

My nice metallic body that melts your queso right to the touch.

¿Te gusta, no?

If you're hungry then why wait? Then pay for the grub.

Come on, flavor me from head to toe.

Take a bite of my frijoles smothered tacos.

And drink the Jamaica de mi sangre pura.

Y si te gusta for a dólar more you can add the guacamole verde y una salsita picante todo a tu gusto.

Then you can sit under my shade, disfrutando my sweet coconut Mexican candy or cualquier jarito of your choice from my cold icy chest.

I'm the best on the street. Tortas, fajitas, tostones, and more.

Come on and eat the exotic flavors of my body.
